

## THE POWERFUL TOOL FOR THE TOUGHEST APPLICATIONS

- ▶ Powerful motors on ball bearings, fully encapsulated in die-cast housing to keep the motor free of dust
- ▶ Protective guards made of cast metal

## Other features

- ▶ Large, adjustable spark protection glasses
- ▶ Stable, adjustable workpiece supports
- ▶ Easy wheel changes
- ▶ Rubber feet for secure, low-vibration stance
- ▶ Dust-protected on-off switch

**Technical Data** ... for further details, see page 209.

<b>Part number</b>	<b>0 601 277 103</b>
Rated power input	700 W
Grinding wheel dia.	200 mm
Grinding wheel widths	25 mm
Grinding wheel bore	32 mm

## Comes complete with

Grinding wheel, normal grain, grain 36 (2 608 600 111)	✓
Grinding wheel, normal grain, grain 60 (2 608 600 112)	✓
